GNT reaches potential 2.4 million viewers in 8th largest market.
By Jim Dearman

Good News Today recently had the excellent opportunity to broadcast regularly on WATC, "Atlanta's 57," at a good price for Atlanta, the eighth largest TV market in the country with nearly 2.4 million households. The program airs Sundays at 10:30 P. M., when the potential viewing audience is projected to be triple the number viewing at 7:00 A. M. on Sunday morning.

WATC-TV 57 is on Channel 2 on Atlanta's largest cable system, Comcast, and is on the local channel packages for both Dish Network and DirecTV. Charter, Windstream, CableNet, and Sat-Star systems in the area carry the station, which also broadcasts over-the-air as a second full power station on 57.2, called "WATC Too." There is also live-streaming of programs via the internet.

Prior to the program launch, we sent a letter with informational material and a request for financial assistance to 46 congregations of the Lord's people within Atlanta 57's coverage area. We have received some support, and we anticipate the involvement of

other churches, as they become familiar with *Good News Today* and its unique magazine-format design, featuring Steven Hall, David Smith, Leroy Dedmon, and other capable preachers. As you may know, I serve as the program's producer and host.

Those of you in the Greater Atlanta area, please, remember to view the program and to tell others about it. Perhaps, your congregation—or you individually, would like to be involved in supporting *Good News Today*. At your request, we will be happy to provide informational brochures to share with your elders or other Christians—just give us a call.

Most importantly, please, pray for the success of this outreach. Our list of active Bible correspondence course students grows

weekly, an effort overseen by faithful, seasoned teachers. These Christians are diligent workers, involved with their students on a personal basis and meeting their needs as they arise. They identify and recommend faithful congregations of the Lord's church in their students areas and encourage them to make contact with local Christians, who can further teach and encourage them.

The goal of *Good News Today* is to reach and to teach and, hopefully, to win souls for the Lord. This is the work we are commanded to do; and we must do it "while it is day; the night is coming when no one can work" (John 9:4).
